

Joliet Radio Control Club Meeting

Dear Joliet Radio Control Club Member,
Model Builder, Pilot, and Friend:

TUESDAY, March 9th, 2010, at 7 - 9 PM,

**at Stone City VFW Post 2199
2423 S. Chicago Street, Joliet.**

(Sits back from the Corner of Laraway Road and Rt-53, Look for the tank)

We selected Sunday, August 22nd for the Annual Club Picnic..!

I have been and will continue to process our \$60 membership renewals at each meeting throughout the meeting season. Please make every effort to pay yours before the dues deadline at the end of March. We accept cash and personal checks made out to the "Joliet Radio Control Club", at meetings or by mail in any amount over \$60 as well \$60 itself. For several of you that regularly go over and above \$60 to benefit the club finances, we officially thank you. For those of you that plan to fly this season also make sure your AMA gets updated as well.

Last meeting we had a bit of competition from another group in the same room. No guarantees, but hopefully we can make some adjustments to minimize this potential issue.

We do encourage participation in the club SHOW 'n TELL at meetings... Feel free to bring any large or small model, tool, technique, project, or anything of interest to share with the group during "Show 'n Tell" at our meetings. We'd like to see what you are building or working on. Thanks to Ray for bringing in his new Raptor 90. We will have whatever room you need for your Show 'n Tell item. Larger items should be brought in through the North doors, (or possibly an exit door on the West side). The door on the East side enters through the bar area, while ok to pass through the bar to get to the hall, hangar rash could be acquired in this area if bringing in a larger model.

Notice how it is staying lighter outside around 6 pm? The rumor is true, spring will actually be here in less than two weeks from our meeting.

Full size Warbird fans... Thunder over Michigan August 7 & 8, Willow Run Airport
B-17's are the feature airplane
